

# Sixth Grade Faith Formation

## CLASS SCHEDULE

Sixth grade faith formation classes follow the same class schedule as our confirmation program. Please refer to the calendar to view class dates.

## CLASS MATERIAL

Our program at St. Luke's uses the VENTURE Bible Timeline course as the curriculum for sixth grade faith formation. This curriculum utilizes readings from the Bible to provide an overview of salvation history. Originally designed as an 8-lesson program, each lesson has been further broken down over the course of the year to ensure students have ample opportunity to engage with the material. In addition, we have incorporated a take-home reading plan so students can get to know their Bible a little better each week. Parents can support this "homework" by reading the Bible along with their student and asking them follow-up questions about the readings.

As part of the program, each student will receive:

- A physical workbook, complete with review questions and activities;
- A youth Bible to help students participate fully in the course; and
- A program binder to maintain any handouts, reading plans, and other physical materials used in class.

If a student misses a class, they will have online access to the VENTURE Bible Timeline course. The online access is free to enroll in using our unique link with your own email and password. Please only create ONE account and write down that information to keep it safe.

Please use the link below or QR code to create an account (for free) with an email address and student's name. Link: <https://tinyurl.com/6thVenture25-26>
